Professional Summary

Software Developer with 10+ years of experience building scalable web and mobile applications. Frontend and mobile specialist (**React Native, Ionic, SwiftUI, React, TypeScript**) with additional knowledge in .NET and backend technologies. Proven track record leading teams and delivering measurable impact: increased user bases, optimized performance, and reduced response times. Passionate about continuous learning, remote collaboration, and turning ideas into high-quality products.

Core Skills

Mobile: React Native, Ionic (v3–v7), SwiftUI, Flutter (basic), Kotlin (basic)

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Material UI

Backend & Cloud: C#, ASP.NET (learning), Entity Framework (learning), Node.js, Firebase (Auth, Firestore, Functions, ML Kit), AWS (basic)

Databases: SQL Server, T-SQL, Firebase Realtime Database

Tools & Practices: Agile (Scrum/Kanban), Git/GitLab, Jira, Figma, Mobile UI/UX Design, REST APIs, Unit Testing, Clean Code

Languages: Spanish (Native), English (Advanced – C1)

Professional Experience

Mobile Applications Team Leader | Dvora | Feb 2020 – Aug 2024

- Led development of 2 mobile apps (Ionic 5/7 & SwiftUI), growing user base from 300 to 2,000+ in 18 months.
- Applied best practices in mobile UI/UX for iOS and Android.
- Integrated Firebase (Auth, Realtime DB, Functions, ML Kit), improving performance by 30% and enabling AI-powered features.
- Managed a remote development team, ensuring timely, high-quality deliveries.

Freelance Developer | Dunathelia | Oct 2017 – Mar 2020

- Delivered web and mobile solutions using Angular, Ionic, and Firebase.
- Developed a self-service insurance platform (Angular 8), reducing service time by 40%.
- Implemented Agile methodologies (Scrum/Kanban) for scalable, responsive projects.

Development Leader | Habits.AI | 2017 – 2019

- Coordinated remote LATAM team; delivered a functional demo in 4 weeks.
- Built an Ionic 3 + Firebase app with real-time synchronization.

SAP UI5 Consultant & Mobile Developer | IBM Ecuador | Jan 2016 – Jul 2017

- Developed Bluetooth module for real-time invoice printing, reducing processes by 60%.
- Collaborated with international teams (India + Ecuador) on enterprise apps.

Web Developer | eMediasys | Nov 2013 – Dec 2015

- Built and maintained custom WordPress/PHP websites; provided bilingual technical support.

Junior Developer / QA | Magefi | Nov 2007 – Oct 2013

- Conducted QA testing and migrated systems from C to C++; optimized internal systems.

Education

Bachelor's in Computer Engineering – Private Technical University of Loja, 2023

Certifications

- English (C1) – Duolingo English Test (120, valid until Oct 2025)
- Mobile Core Skills – IBM
- Web App Development with SAP UI5 – SAP
- Angular.js – Code School
- UNIX Fundamentals – IBM

Additional Notes

- Experience publishing apps to **App Store & Google Play** using Ionic, Xcode, and Android Studio.
- Currently strengthening **React** (Zustand, testing, architecture) and **.NET** (Entity Framework, ASP.NET).
- Focused on user-centered app development, performance optimization, and remote collaboration.
- Open to web, mobile, or full-stack development opportunities.
